Hunting Permit Application Packet

Village of Granville Wildlife Management Guidelines

The purpose of this packet is to make available a wildlife management plan that provides guidelines and information to residents and hunters who wish to comply with the Village of Granville Wildlife Management Ordinance. **SAFETY IS OF EXREME IMPORTANCE.** Hunting within the Village of Granville is a privilege. This wildlife management policy is not a program designed to permit recreational hunting within the Village. All hunting in the Village must be approved by the Chief of Police. All residential property must be approved by the Village. All hunters must be approved by the Village. The Village will assign hunters to specific zones where they will be permitted to hunt. Failure to comply with any rules and regulations will result in suspension or revocation of all hunting privileges within the Village.

It shall be lawful to hunt deer, for the purpose of population management only, within the corporation limits of the Village of Granville, subject to all of the following terms and conditions:

1. It is recommended that hunting be confined to areas of at least four (4) acres. Property owners of less than four (4) acres may join together, provided that properties being joined are contiguous and not separated by a road and all owners agree in writing that hunting may take place upon their combined properties. The Chief of Police or his designee may approve property less than four (4) acres if safety issues are not a factor.
2. No person shall hunt or take deer by any means except through the use of a crossbow or bow and arrow. There will be no hunting with firearms of any kind. **Discharge of firearms within the Village limits is prohibited by law (but is allowed within the newly annexed portion of the Village).**
3. If the person is not the lawful owner of the land upon which deer shall be hunted or taken, then written permission of the landowner(s) must be secured and carried with the hunter at all times while on the property being hunted.
4. Any person who hunts or takes deer must first apply to the Chief of Police or his designee for a hunting authorization permit. A permit shall be issued only after a determination is made that the applicant has secured all necessary state licenses, shows proof of completion of the ODNR (or other state authorized) hunter's safety program, a resume of urban hunting experience, provides a certificate and target of having passed a bow proficiency test and provides a copy of a state or federal background after June 1, 2008.
5. Property owners must comply with all applicable laws and regulations to permit hunting on their own property and register their property with the Village.
6. All hunters shall comply with the regulations and guidelines of the Ohio Division of Wildlife.
7. Hunters must be 21 years of age. Hunters between the ages of 18 and 21 will be considered if they are enrolled in an institute of higher education.

Required Procedures

1. The hunter must purchase all necessary **State of Ohio hunting licenses, tags,** and provide a **copy of that license.**
2. The hunter must **complete the archery proficiency test** at Broken Arrow in Newark Buckeye Outdoors in Hebron using the specifications as directed by the Village of Granville. A certificate is provided with this application. The target page should also be returned to the Village.
3. The hunter must provide the Village with **proof of completion of the ODNR Hunter's Safety Program** or other state hunter's safety program. Hunters may contact ODNR at 1-800-Wildlife to obtain a copy of the card they received after the completion of the program.
4. The hunter must **provide a resume of hunting experiences, marksmanship, or other information that supports proficiency, specifically focusing on urban hunting.**
5. The hunter must **complete a state (Ohio BCI) or federal background check.** (For individuals who have not lived in the State of Ohio continuously for the past five years, a federal background check is required.) This service is provided free by the Granville Police Department. Please call 587-1234 to schedule an appointment for your background check.

A background check can also be obtained from a county Sheriff's department or the Licking County Family YMCA at the applicant's expense. Please contact either organization for more information regarding hours of operation and cost.
6. Upon completion of steps one through five, the Village will review and select hunters for the program. All decisions made by the Village will be final.

Upon approval:

7. The Village will issue the hunter a Village hunting permit, a parking permit and map with the hunter's designated zone. All permits are valid only for the person named on the permit. Permits are not transferable.
8. The hunter must complete all necessary agreements with the landowner(s) on whose property he/she wishes to hunt which must be handled through the Village.
9. The hunter must make an appointment with the landowner(s) for an inspection of the property, possible stand placement and discussion of expectations.

The prospective hunter must comply with all State of Ohio regulations in addition to all provisions set forth by the Village of Granville's controlled hunting program.
